

WORKSHEET ES-2

Visual searching

Aims and objectives: favour memory, attention, visual discrimination and spatial orientation, in order to set the basis for pre-literacy, very important to improve satisfaction in learning reading.

Activity 1

Group Activity/Age Group: 5-7 years old **Time:** 40 minutes

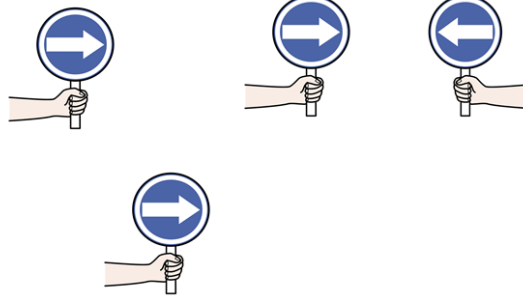

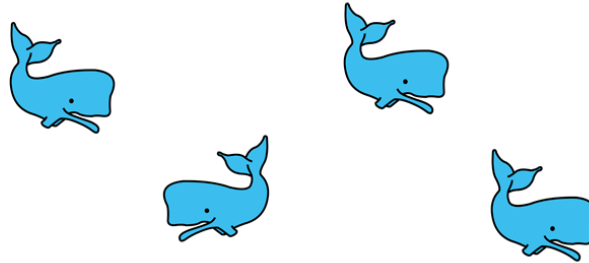

Rules:

- 1) The teacher gives the child sheets/computer document with different slides.
- 2) Each slide has a picture on the top and, below it, four pictures: one of them is identical, the others are very similar. The students have to identify the identical one.

Materials required: one notebook with the slides/PC for each child/group.
