

## WORKSHEET ITA-2

### Bookshop: House of book

**Aims and objectives:** Improving pupils' motivation to manage books.

#### **Activity 1**      **Enjoy the “house of book”**

**Open Group Activity/**                      **Age Group:** 8-11 years old                      **Time:** 1.30 hour

**Rules:**                      1) The teacher leads the child to the bookshop chosen  
   2) The students move freely through the bookshelves, take notes on the book they are curious to examine

NB: The teacher, firstly explains the rules of conducting inside the bookshop, secondly overviews the student's movement and research, gives help if requested

**Materials required:** one paper notebook and personal pen

#### **Activity 2**      **Check your choices**

**Individual Activity/**                      **Age Group:** 8-11 years old                      **Time:** 2.30 hour

**Rules:**                      1) The teacher overviews the students  
   2) The students sit on the reading corner of the bookshop in order to choose one book per person

NB: The teacher provides for individual buying of the books and/or for the school payment (in this case the books will flow in the school library collection)

**Materials required:** one paper notebook and personal pen

#### **Activity 3**      **Present your choices**

**Individual Activity/**                      **Age Group:** 8-11 years old                      **Time:** 2.00 hour

**Rules:**                      1) The teacher explains how to summarize the basic book data in a form

2)The students write one form for one book

NB: The teacher provides for individual buying of the books and/or for the school payment (in this case the books will flow in the school library collection)

**Materials required:** personalized forms for registering basic data of the new books (the form can be realized in paper format or it can be implemented in computer format)
